COMPOUND**

APPLICATION

**HIGH SPEED BUFFER
DA POLISHER
HAND**

AVAILABLE SIZES

QUART CAN

1 GALLON

This premium quality, extremely aggressive ammoniated compound is ideal for removing heavy scratches and oxidation from conventional painted surfaces. It can be used with extreme care on clear-coat finishes to remove transfer paint.

- Extremely fast-acting
- Cleans & polishes badly oxidized finishes
- Developed for lacquer-coated finishes
- Very cost-effective

مركب فائق الصقل رقم 88

هذا المركب ذو الجودة الفائقة هو مركب قوي للغاية يحتوي على الأمونيا وهو مثالي لإزالة الخدوش الصعبة والصدأ من أسطح الدهانات التقليدية. ويمكن استخدامه بعناية فائقة على دهانات (كليكوت) لإزالة الدهان الدخيل الذي تلطخت به سيارتك.

- مفعول فائق السرعة
- ينظف ويلمع أصعب بقع الصدأ
- طور خصيصاً للصقل النهائي بالورنيش (اللاك)
- محدود التكلفة للغاية
